Reasons For Allowance

Claims 1-13, 22-26 and 31-50 have been allowed.

The following is an examiner's statement of reasons for allowance:

Independent claim 1 recites the structural limitation of a blade support sub-assembly adapted to be used with a scraper blade for scraping and cleaning a conveyor belt and with a mounting sub-assembly comprising "a means for vertically adjusting a height of the scraper blade in relation to a fixed position of said pair of notched receiving members and said face plate such that the scraper blade is rigidly fixed at a selected height and is in contact with a surface of the conveyor belt to be scraped", in combination with the rest of the recited structure, clearly defines over the prior art.

The above quoted claim limitation provides a specific arrangement for the scraper blade to be vertically adjustable within its own mounting subassembly, relative to the conveyor belt. This arrangement allows the scraper blade to be more easily replaced due to wear, one at a time if necessary.

Claims 10, 13, 23 and 26 were amended by the Applicant dated 5/28/04 to incorporate the limitations of their respective base claims and their reasons for allowance have been addressed in the previous Office Action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
